Dear Sir/Madam,

I am taking this opportunity to introduce myself. I am currently a 2nd year student of 3-year “Computer Programmer Analyst” at George Brown College, Toronto, ON.

I am also working as a Jr.Front-End Developer for Rangs Electronics Ltd. using necessary technology to design websites. I am proficient in PHP, MySQL, JavaScript, CSS3, JQuery and have robust HTML5 skills. My Front-End Developer skillset includes a few tools and resources for building landing pages and analyzing websites that conduct split tests, catch and fix errors before content launches, and much more. Besides writing and fixing external code, I am familiar with the technical specifications for prototyping and guides. I worked both independently and in teams.

I am attaching my resume for your consideration and would appreciate the opportunity to discuss in details. Thank you and I look forward to hearing from you soon.

Sincerely,

Aneeka Shahnewaz
